

Waterbury Dart Players Association

Official Rules

These rules are only guidelines and are subject to change, Interpretation of these rules by the league managers is FINAL!!

1. Treat all other players the way you wish to be treated yourself.
2. Have respect for the bar and all the equipment.
3. If a player is asked to leave the bar by a bartender or some other agent of the bar during the match then that team will forfeit the remaining games to the opposing team.
4. The Board doesn't lie other then on the winning dart.
5. Shooting out of turn – With the new boards simply back the board up, if you don't know how to do this please ask the bar owner how this is done. On the OLD boards when someone shoots out of turn the board is to be rotated back to the same player and THAT player shoots again, the player that shot out of turn will still get his turn for that round. If both captains agree to replay the game then THAT game can be replayed from the beginning but you will be responsible for your own game quarters. Captains should consult their team member in making this decision.
6. Hand Scoring – like in Rule #5 with the new boards simply back the board up, if you are playing on an old board this is an automatic forfeit of the game, if both captains agree you can replay the game in the same manner as in the above rule.
7. Standing over the shot line – This is extremely hard to enforce because boards are being moved around all the time, if you are the away team and you are worried about the "Shot Line" then bring a tape measure with you and check the line distance. There is a slot on the side of the machines that you place the tape measure into and the line should be a full 8 feet from that slot. If you feel that a player is taking liberties with the shot line then tell your captain so he can talk to the opposing teams captain to resolve the issue.
8. Ratings – If you haven't played in our league yet and you have a WEDL Rating that is what you will enter our league with. New Players – Men will be a 3.5 and Ladies will be a 2.0 If a player is from one of the Steel Tip Leagues they will enter our league as the following, Men 7.5 – Ladies 5.0
9. Non-Payment of Dues – This is very simple, if someone doesn't pay their dues then the WHOLE team forfeits their prize money.
10. Make Ups – If for some reason a match can not be played and both teams agree with having a make up then you STILL need to turn in a completed sheet for that week with the date and a brief explanation of why the match was canceled, also the date that the make up match will be played, the make up match should be played with in 2 weeks of the original match and/or prior to the last week of the season.
11. No Show – If for some reason a team does not show up for a match and they did not contact either the bar or the captain of the opposing team then the team that is a "No Show" will forfeit ALL the games in the match. Please remember you still need to turn in a sheet!
12. Subs – A sub can't put you more then .9 over the cap, this is the same as we are all use to so it shouldn't be a problem.
13. Cap – Put together the best team possible, be mindful of the cap.
14. Protests – If for some reason your team feels like you need to protest a match then you will need to fill out the "Protest form" and pay a small protest fee, it will be ruled on ASAP.
15. Subs – If you need to use a sub you are allowed to be .9 over your division cap, if you end up higher than that you will forfeit all the games your sub played in. This maybe done automatically by the league if we catch the error but we still urge the opposing team to file the protest.

If anyone has a suggestion for a new rule or a complaint about anything listed above please contact:
